Hello Clark,

This is approved today. Another license plate reader encroachment to go thru. Keep up the good work.

Larry,

District contacts were added in the portal to be notified.

Leslie,

Please upload the approval package and please update the assignment spreadsheet.

Thank you in advance for your help with this.

Good Morning Butch,

The subject encroachment has been reviewed and mapped. (I made sure that it was mapped this time).

This is an ALPR encroachment. Initially, one of the 7 locations was in conflict with an active STIP. After a lot of back and forth and moving one of the locations around, it was removed and reduced to 6 total sites. Several other locations are within the limits of future STIPs, but they are too far out or are not in conflict. There is a sub-folder with all the STIPs and an email from Division Utilities confirming that they are not in conflict.

Since Wilmington has a significant amount of traffic, the District office reached out to me with traffic

restrictions. These may be far enough away from the road that traffic control is not needed, but I added the restrictions to be on the safe side. I added Special Provision #4 and intentionally highlighted it to cover these restrictions.

Thank you,
